Media Policy

AIA has a Media Policy that needs to be followed to protect the proprietary rights of the Association and to protect the student-athletes and coaches at region and state tournament events. The following link (<http://aiaonline.org/news/press-center>) is to the AIA media center, which houses the AIA online media credential form and the AIA approved master media list (those that have requested and been granted AIA media credentials). The editor/manager of an outlet already granted access to AIA media credentials must go online and order credentials for a member of the media not on the master list. Please note that some members of the media might show up with freelance credentials. These have no pictures on them, but do allow for access to the event per the designated media outlet on the AIA media credential. Additionally, all member schools were allotted a number of school-based credentials for the school year. These will allow admittance equal to a media or freelance credential.

Once again, please remember to download the AIA master media list to use at the gates for signing in the media, and pass gate sign-in sheets for school media.
